

WorkSafeGuardian

The Roll Out Process With Worksafe Guardian

- 1) Review and agree on the response procedures.
<http://worksafeguardian.com.au/monitoring-terms-and-conditions/>
- 2) Review and sign the online agreement.
<http://worksafeguardian.com.au/agreement/>
- 3) Send WSG the names and email addresses of the users who will be utilising the app.
- 4) Users will receive a link to an online signup form.
In accordance with our strict privacy policies this will not be visible to the employers.
<http://worksafeguardian.com.au/signup/>
- 5) The users will be emailed download instructions, links to the training videos and an activation code for the app.
- 6) If any employees require additional help there is phone support available for extra training or to answer any questions.
Phone 1300 265 151
- 7) Finally, setup the Management Usage Reports and decide on the frequency of these reports. That's it, you are up and running.

At Worksafe Guardian we understand that implementing new safety procedures can be a long and difficult process. That's why we want to make sure that once you have decided to implement the WSG safety app that the process for rolling it out is as simple as possible. We have created simple 7 Step Roll Out Process so that can have your employees using the app that same day if you wish.
